CALL TO ORDER

The Strategic Planning Meeting was called to order at 9:15 a.m. by Mayor, Scott Ramsey

PLEDGE OF ALLEGIANCE

Vice Mayor, Mary Anne Graham led those present in the Pledge of Allegiance.

IN RE: OPENING PRESENTATION WITH GOALS OF MEETING

Mayor Ramsey opened the meeting explaining to council the purpose of the Strategic Planning Meeting. Mayor Ramsey stated to the council there are too many projects going on at the present time with some projects not having completion dates. Council needs to set priorities and need to focus on those projects agreed upon. Also need to decide most important work items, budget priorities and realistic objectives. The output from the meeting will be a staff produced work plan which will be reviewed at the January Town Council Meeting. The work plan will not be written in stone.

Mayor Ramsey stated to council that the town was in good financial health, the councils ability to execute many projects simultaneously is limited-starting is always more interesting than finishing, volunteerism is down noticeably over past decade, residents have less time to give to community initiatives and finding candidates for elected and appointed positions is harder.

Mayor Ramsey would like council members to take more charge on projects & staff should step back. Mayor mentioned staff may feel uneasy asking for help from council so council needs to step up and volunteer to take on a project. Also council should be focusing on laws & legislative items not so much on the little things.

IN RE: REVIEW SURVEY RESULTS OF TOWN COUNCIL PRIORITIES

Town Planner & Zoning Administrator Melissa Hynes went over the results from the survey that the council completed before the Strategic Planning Meeting. There were 67 questions that council was to rate from 1 to 5 on the survey. One (1) being least important to five (5) being most important. The survey list was compiled of active, proposed, and recently discussed projects. The projects ranged from Utilities, Parks/Sidewalks, Community and Economic Development & Government/Revenue. Council & staff discussed items on survey. Some in more detail than others. The survey was done to help focus discussion and to get council members thinking about these projects before today's meeting.

The 67 priorities are:

There were some items that had little or no support from council to move forward with and then there were some that did have support which lead into the Top Priorities Exercise Town Planner/Zoning Administrator Melissa Hynes had council do.

TOP PRIORITIES EXERCISE

Town Planner/Zoning Administrator Melissa Hynes had council members do a sticker exercise to see what their top priorities were with the projects they covered. This exercise consisted of placing stickers by a category and whichever category had the most stickers this would be top priority. Ms. Hynes is to get the typed list to council to review at January 2017 Town Council meeting which will become the Town's Action Plan.

COUNCIL COMMENTS

Council thanked staff for putting together the meeting and all the work that went into it. Council also thought that the meeting was a success and would be doing a Strategic Planning Meeting every fall.

MEETING ADJOURNMENT

Meeting was adjourned at 3:00 pm by Mayor Ramsey.

Respectfully submitted,

Scott T. Ramsey, Mayor

Kimberly E. McGaha, Town Clerk
